Professional and enthusiastic CSE student skilled in Java & JavaScript, with 300+ problems solved on LeetCode and 100+ on GFG, hands-on project experience, and pursuing B.Tech in Computer Science and Engineering.

EDUCATION

- Bachelor of Engineering in Computer Science | Chitkara University, Punjab CGPA: 8.51 | 2023-2027
- 12th CBSE | P.K.R Jain Sr. Sec. Public School, Ambala City 75.8% | 2023
- 10th CBSE | P.K.R Jain Sr. Sec. Public School, Ambala City 93% | 2021

PROJECTS

- **Portfolio** – Built a responsive personal portfolio using React, Vite, and Tailwind CSS, showcasing projects and skills. Implemented interactive UI components, routing, animations, and contact forms using libraries like react-typing-effect, react-parallax-tilt, react-icons, react-toastify, and EmailJS. [GitHub](#)
- **Quiz Application:** Independent MERN stack project featuring user authentication, quiz management, real-time scoring, and result tracking. Integrated EmailJS and Nodemailer for automated email notifications such as quiz confirmations and results. Fully planned and improved end-to-end. [GitHub](#)
- **E-Book Management System:** Backend-focused application developed using Spring Boot with Spring Security, implementing secure APIs for managing e-books, users, and access control. REST APIs tested and validated using Postman. Entire system created and built independently. [GitHub](#)
